Commodity Shipping  
Kit Description: Insect Monitoring Device.

### IMPORTANT NOTICE:

Concerning the use of STORGARD® and PHEROCON® attractants, insect traps and kits: These materials are supplied by TRÉCÉ INC. to provide a means for monitoring insect populations as a guide to the timing of spray applications and other pest management operations for certain insects. The material should be regarded as a supplementary aid in insect control planning. However, spray programs should not be altered solely on the data obtained from the use of these materials. Users of these materials shall themselves determine the usability of the products for their intended uses and shall assume all risk and liability arising from such uses.

It is strongly recommended that users consult with qualified commercial pest management consultants or representatives of extension services, universities or governmental agricultural departments.
